“*In the beginning there was nothing...*

”

“*Temptation led to sin...*

”

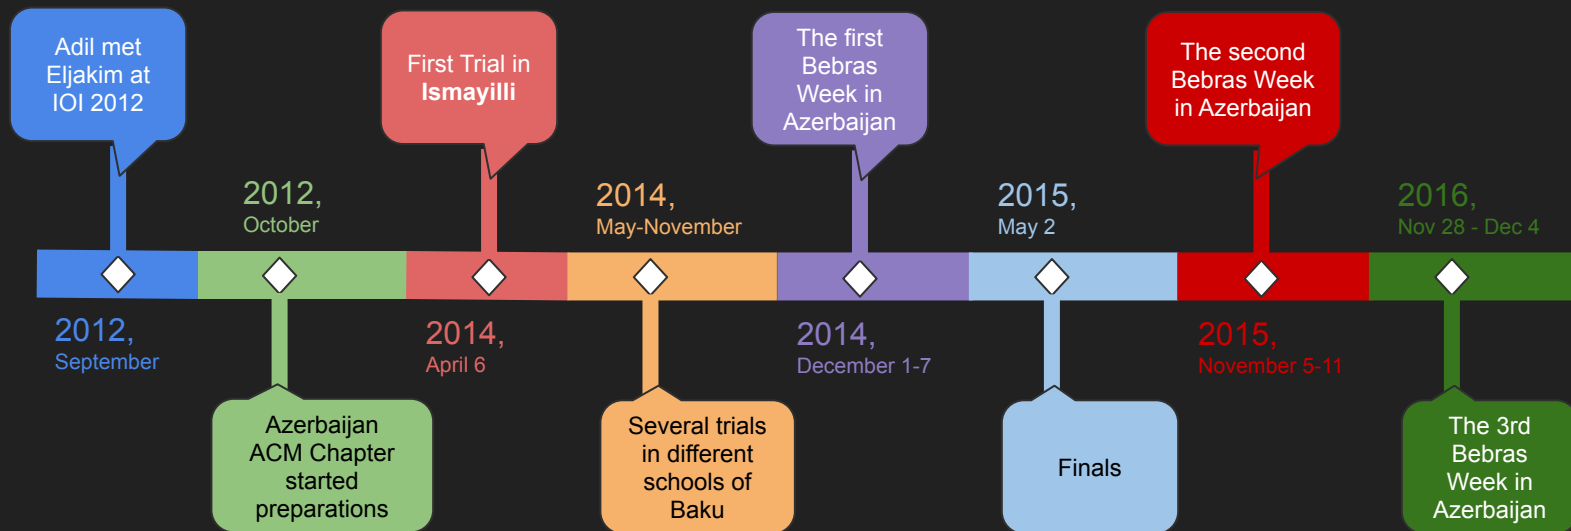

“*Adil had a beer with Eljakim at IOI 2012*

*And it all started :)*

”

# How it started...

# Early stage

“

*September 2012* - Dr. Ries Kock with Eljakim Schrijvers

introduced Bebras at IOI 2012 to Adil.

*October 2012* - Azerbaijan ACM Chapter started preparations such as translation of sample tasks, seminars, meetings with Ministry of Education officials, brainstormings with teachers.

2013 - A lot of promises, No actions from potential sponsors, government,...

In Azerbaijan ACM Chapter did not lose our hope and we continued.

“

Schools in capital Baku were shocked because first  
Bebras started in a region not in capital city.

And they all became intrigued.

And all started....

”

# Trials in Baku

“

We organized several trials in different schools of Baku.

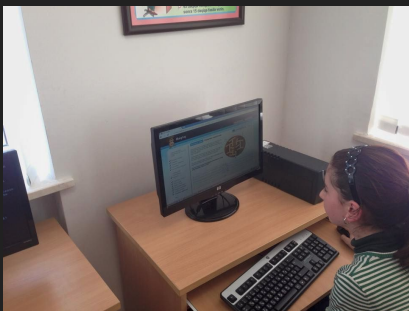

This way students as well as teachers learned about Bebras.

They all loved it.

”

# Seminar and training for teachers

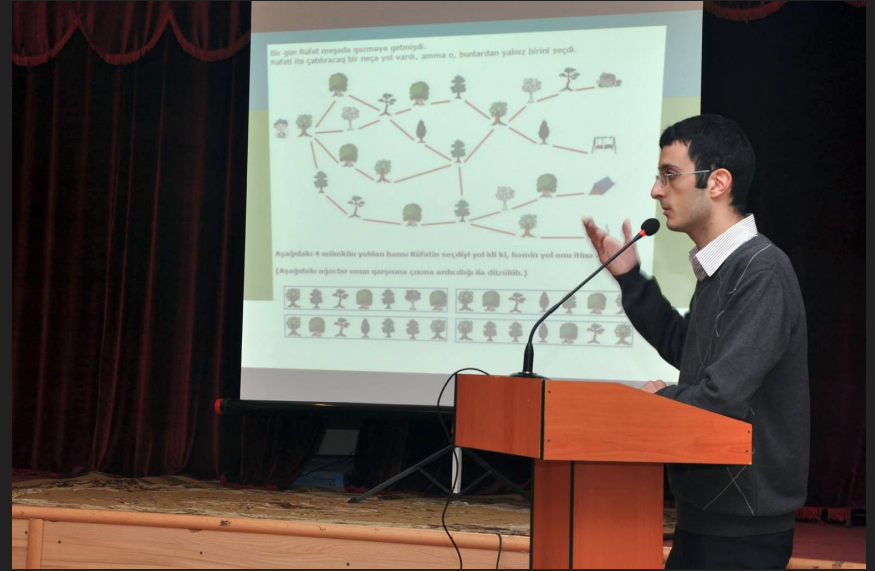

“

Azerbaijan ACM Chapter organized an event with support of Ministry of Education at School-lyceum 83.

Teachers from more than 100 schools attended and learned about Bebras. We taught them how to use the system.

# The day Bebras in Azerbaijan stood still

“

The Ministry of Education is interested in holding Bebras competition continuously and the ministry colleagues will decide on the next steps in this direction.

We thank all participants, teachers and parents for their interest and continuous support to the competition.
